## DEADLINE FOR THE MARCH-APRIL, 1989, DOUBLETALK IS FEBRUARY 1, 1989

### FROM THE EDITOR

January is a good time for reflection, and to look ahead. As we write this Editorial, it's interesting to look back at the changes that have occurred to the Tandem Club of America, and to pause for a moment to think about how the club can grow, and how it can enrich the lives of its members. No, we're not going to get too philosophical. We just want to throw some ideas out for possible discussion for the next several issues.

During 1988, the Tandem Club of American experienced a phenomenal growth. This is due to enthusiastic support for the TCA, to the recommendations you gave to other tandemists, to Bicycling's gracious mention in their November issue, to the well-attended regional tandem events, to our dealer members who promote the club, and to several manufacturers who include the TCA membership brochure with each new tandem they ship. What's the result of all of this good promotion? The results are obvious. The TCA met several of the goals talked about last January. Namely, we now have members in all 50 states and the District of Columbia, TCA grew by nearly 70% (we were hoping 40%), and we now have members in 4 Canadian provinces, Great Britain, and 3 European countries. Doubletalk continued to grow in size, and we hope in quality. And last, but certainly not least, we now have a new high quality Tandem Club of America T-shirt, so that you can proudly show your colors.

Do look over the 1989 TCA Membership List, included in this issue, and if you see any corrections that need to be made, please send them to us, Susan and Jack. The list is printed from the same database that your labels are printed from, so if there is a mistake, we need to get it corrected. The Post Office won't usually forward an incorrectly addressed piece of Third Class Mail. If you notice that the name of your best

tandem buddy is missing, tear out one of the new membership brochures and give it to him/her. After all, you don't want him/her to miss out on all the excitement in '89, do you?

Where can TCA go from here? Of course, we hope it continues to grow. All clubs must have new members in order to keep new ideas flowing, and to keep the sport vital. The phenomenal growth rate we've experienced since November, though slowing, will probably continue for several more months. That will certainly give us a good base to continue from. Since the membership is the source of all articles published in Doubletalk, an expanding base will allow new ideas to be presented. We'd be ecstatic if the Canadian membership would reach the triple digits, and that we could gain members in all the provinces. Our personal mail indicates there are tandemists throughout Canada. Why aren't they members of TCA? And we'd like to see even more European members, too.

We've noticed, in the letters we receive, an increase in interest in tandem racing. We'd like to see more articles about tandem racing submitted, and more tandem racing events listed on the Tandem Calendar. We've never personally seen a tandem race, but it sounds like a very exciting event!!

Another area that shows increased interest is in tandemming with a blind or visually impaired cyclist. Perhaps a member would like to volunteer to collect information on this endeavor and prepare an article on what's involved, what societies are good contact points, are there any tours that specialize in these events, etcetera. This add a new focus to the TCA, and this volunteer member may become a national focal point. We think that would be terrific.

Through all of this, Doubletalk will continue to grow, and, we hope, continue to improve. As our finances grow, and our membership base/author base grows, we may increase the size of the

magazine by four more pages. Until that occurs, please have patience. If you send an article to us, we will try to include it, but it may take several issues before we are able to work it in to an appropriate issue. If you are organizing a tandem event, or have a tandem-related item for sale, please be aware of our editorial deadline, the 1st of the month preceding the cover date. We must observe that cut-off, or Doubletalk will be late in reaching your mailbox.

We've gone long enough for this issue. Look over the calendar, and choose a good rally or two. We'll try to hit a few ourselves, and we'll certainly be glad to

See you on the road!

## BACK ISSUES AVAILABLE

We have a limited number of back issues of Doubletalk available to complete your collection. For each issue desired, send a check for \$2.50 for each issue desired, payable to Tandem Club of America, to Jack & Susan Goertz, Route 19, Box 248, Birmingham, AL 35244. The issues you order will be sent to you either via first class postage (1-4 issues ordered) or via UPS (more than 4 issues ordered).

## WHO DOES WHAT

**MEMBERS:** Write articles, draw cartoons, send letters, host rallies.

**AREA REPS:** Local tandem information & local recruiters for TCA.

**GRAPHICS DESIGNER:** Artwork & graphics for DoubleTalk.

**TREASURER:** DUES and patches.

**SECRETARY:** Contact point between TCA and the outside world.

**EDITOR:** Edits your articles for DoubleTalk, Advertising, and membership data (including mid-year address corrections).

When you contact one of these volunteers, seeking information about the TCA and/or tandem activities in the area, please be specific. Many of these individuals are also active in other bicycling organizations, and a SASE with no questions asked may never be returned.

## LETTERS TO DOUBLETALK

Dear Doubletalk,

I enjoyed my first issue (Nov-Dec, 1988), but noted one letter about the kiddy-back options, evidently in the September-October issue. This is of real interest, and I've enclosed a \$2.50 check for this back issue.

Are there any other issues with articles on how to fit your kids on a tandem?

Lloyd Michener, M.D.  
1405 N. Mangum Street  
Durham, NC 27701

Dear Lloyd,

Doubletalk has had other articles about tandemming with children, but not specifically about kid-backs, at least not since Susan and I have been Editors. We are expecting to run more articles about the American method of kid-back conversion in the near future (just as soon as we receive them from our members who've promised them!) Watch for them.

-----  
Dear Doubletalk,

I'd like to share the great time I had at the Miami Valley Tandem Rally last year, and to invite other tandem enthusiasts to share in these good times next May. 1988's ride included at least two different 50-mile loops, and a couple of shorter rides. There were at least 50 tandems present of all makes and sizes. We offered easy routes and some routes with a few of the steepest hills I've ever seen; they matched the hills of the Hilly Hundred wick takes place each October in Bloomington, IN. Lunch was served after the ride, and it was delightful: fried chicked, potato salad, macaroni salad, a huge relish tray, fresh fruit, a cheese and meat platter, and desert--brownies and

fresh strawberries with dark chocolate syrup. After lunch a drawing was held for door prizes. T-shirts were available for \$5.00 each, and the price for the weekend was a nominal \$8.00/team. Wendel and Stephanie Owens and Jamie Reese of the Regional Bike Committee did a great job of putting this weekend together.

Plans are under way for the '89 edition, to be held May 20. It will be the day before the Huffman 100, which is a major tour sponsored by the Dayton Cycling Club.

I hope to see all of you on the road,

Ron Schilb

-----  
Dear Doubletalk,

We just renewed our membership in TCA and want to say "Thank you" for the outstanding work you do, Jack & Susan, as editors. I know it is a lot of work, but we want to encourage the two up you to keep up the good writing (Editors note-- we appreciate the vote of thanks, but we don't write Doubletalk. The members of the Tandem Club do. We just have the easy job of editing them).

I do want to take this opportunity to say I wish there were articles about Tandems concerning maintenance, accessories, and/or equipment. Plus maybe an article or two about the distinctive characteristics of tandems, such as how much faster a tandem is than a single, all things being equal. It would also be interesting to hear from some experienced tandemists about how they compare with their peer group who ride singles. Are the tandems a lot faster, moderately faster, or about the same? I am sure these articles would be in each issue if some of us would submit our

experiences for publication. I am, however, relatively new to the world of tandems and do not have a lot of experiences to share, at least not yet. My wife and I have ridden in several century rides during the past two years, and as a rule we are faster on the flats than our single (riding) friends, but considerably slower on the hills and a little slower into a headwind. We have very little to compare ourselves to because there are so few tandems in our part of the world. However, there did seem to be more tandem activity in the Dallas (TX) area during the past year (1988). I have been in communication with the TCA members in Houston, and we hope to have a combined ride this spring.

We are hopeful we will have some experiences worthy of sharing with the TCA this next year. As a matter of interest, we are riding a Franklin custom tandem with Phil wheels & brakes, and SIS. We especially appreciate the index shifting because of the quick, precise shifts.

Dear Doubletalk,

Having become addicted to spending our summer vacations tandeming in Europe, we are now planning our 1989 trip. On our past trips we have always been rewarded with scenic and cultural attractions such as churches, castles, old towns, good food, beer, and wines, and, of course, great people.

We have four weeks available for summer, '89, and we intend to follow this itinerary: Nice, Vence, Valdeblore, Valberg, Castellane, Aups, Bonnieux, Gigondas, Vallon Pont d'Arc, Pont du Guard, Salon en Provence, Aix en Provena, Cassis, Bormes, St. Raphael, Grasse, Peillon, Nice.

This trip is to be self-supported. The average distance will be a moderate 50 miles per day, and we shall modify the itinerary on the spur of the moment, always with the intent of enhancing the fun. We plan to stay up to three days in some of the towns. We understand the French language reasonably well. The estimated cost of the trip is \$100/day for food and lodging in France. Air fare is on top of this.

Plans are being made based on information out the the green Michelin guides of Provence, Vallee du Rhone, and Cote d'Azur, in conjunction with Michelin's road map #245.

Is there another team (or teams) that would like to join us? If yes, these are the things needed: be in good shape, have a good sense of humor, knowledge of map-reading, and low gears for the mountainous regions. Please call us for any additional information or suggestions, but never after 8 p.m. EST, at (516)-883-2164.

Dorothea & Haraldo Hahn

Dear Doubletalk,

I met a couple recently in Calistoga, CA, who had a flyer about the Tandem Club of America. We were at the tandem weekend last year, also in Calistoga, but no one had any information.

In 1976 my daughter and I flew into Boston and rode a steel frame Gitane tandem into upstate New York. Quite a trip for a then-nine-year-old girl. Hope to take the same or similar trip with my eleven-year-old son in several years. If I can avoid Boston airport, I will. I was born and raised in upstate New York, in the Conisteeo-Geneseo region, and I have made several trips back, including one trip this year.

We have a group of tandem riders in

Sacramento. By the way, the tandem on the 1988 flyer looks just like my Bob Jackson bob-tail.

Dear Doubletalk,

I am interested in learning whether or not the Tandem Club might have any newsletters, catalogues, or information pertaining to the historical development of the braking systems on tandem bikes, or any general information pertaining to this subject that you retain or pass along to your members.

Any copying or mailing charge for this material will be promptly honored. Thank you for your courtesy and any assistance you might be.

Sincerely,

Dear Doubletalk,

This is an open letter to all Doubletalk readers, and a reply to Steve and Karolyn Reker's letter in the November-December, 1988, Doubletalk.

Ruth and I appreciated your input on the desirability of holding a National Tandem Rally (November-December Letters to Doubletalk). We have been tandeming for sixteen years and have been in many conversations with tandemists about somehow holding such a national event. It has never yet happened!

We are first and foremost tandemists with a strong affiliation with the Eastern Tandem Rally,

our local bicycle club, and, to a much lesser degree, LAW. HERE IS WHAT WE ARE SUGGESTING: use the 1989 LAW National Rally, with its location, accommodations, meals, entertainment, etcetera, as a foundation for a tandem event. LAW has not asked for, nor have we offered to give away, any TCA authority. LAW will gain by receiving registration fees from attendees--money for their organization. TCA (and all tandemists who choose to attend) will gain by having a majority of the plans and logistics done by LAW volunteers and an introduction to hundreds of potential tandemists, and hence, new members.

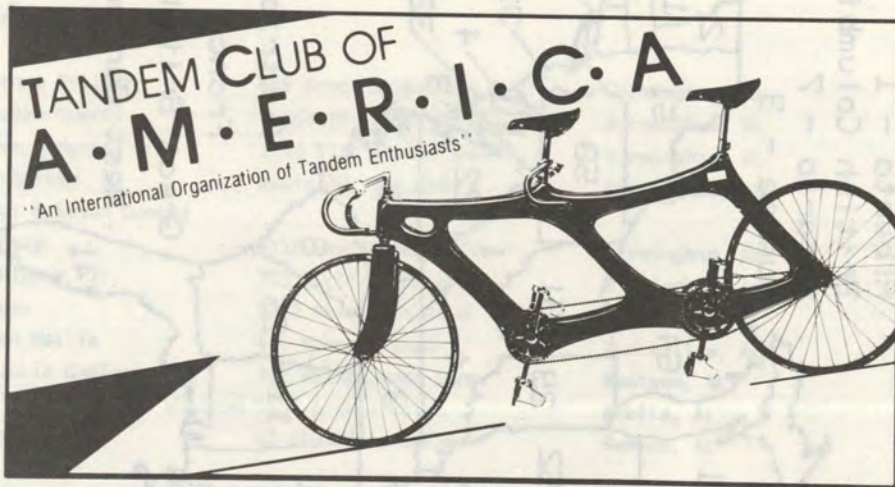

LAW National Rallies are held throughout the country; therefore, each area will eventually be represented. At that point, the local tandem organization can plan special tandem events within the larger rally, and make tandem participation very special. Since LAW rallies are usually good events, the special efforts by tandemists for tandemists will make the rallies great events! As we see it, we can have our cake and eat it too! What do we have to lose?

Attend the LAW Rally, give up no authority, embellish it for our tandem special needs, be assured that yearly it will be held, have each area eventually covered, save expenses by participating in a large event which should get much better rates from colleges, enjoy a TCA town meeting, special tandem workshops, etcetera. Last, but not least, it is a chance to participate in a five-day event with additional opportunities to enjoy pre- and post-tours.

As TCA, we maintain our integrity. We still publish our newsletter, promote our area tandem rallies, and keep out of LAW politics. If the local tandem group prefers not to participate in an LAW National Rally, so be it--no national tandem rally within LAW that year.

The vehicle of LAW National is there ready for us. We can start getting together now. We do not have to wait. The first ever TCA Town Meeting (Ed. Note-- This is Al & Ruth's first TCA Town Meetings. TCA has held Town Meetings before, at GEAR'80, GEAR'84, LAW Rally-

"An International Organization of Tandem Enthusiasts"

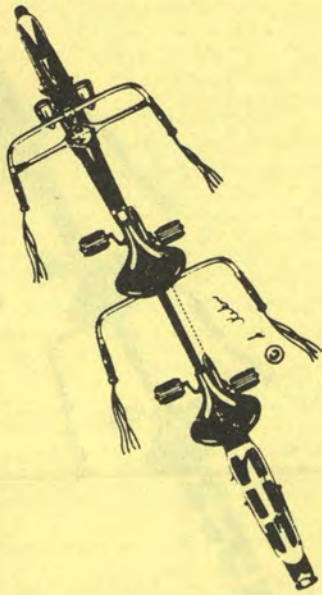

## Introducing the Tandem Club of America...

Perhaps you have heard of us. Maybe you were even a member in the past. But if you are not a member now, you may not know what today's Tandem Club is all about!

The Tandem Club of America (TCA) was founded in 1976 by a group of tandem enthusiasts who wished to share their enthusiasm with the uninitiated and to exchange bits of information with other tandem owners throughout the country. Back in the '70's, there weren't all that many tandems out there! These original members created a newsletter, called Doubletalk, to be the voice of the TCA. Since those humble beginnings, Doubletalk has become one of the most visible signs of the Tandem Club America.

Doubletalk is now published six times a year in a magazine format. It contains articles and tips about tandems and tandem touring, all written by TCA members. You can find out what is happening in the world of tandems (and throughout the world) through TCA's Tandem Events Calendar, published each issue in Doubletalk. A Classified Ad section is included, also, to help you sell that extra set of wheels or that tandem that doesn't fit this year's color scheme!

Through the years, TCA has been instrumental in promoting rallies for owners of long bikes. From the original rally held in 1972, there are now numerous regional rallies and many state

and local events to choose from. All, while independent of the TCA, are heavily promoted and supported by TCA members. You can find out the when and where through Doubletalk!

If you want to join with other tandem enthusiasts throughout the world, just fill out the attached membership application form, and you will soon be receiving your own copy of Doubletalk in your mailbox!

Hope to see you on the road!

Dear Dick:

My wife and I read every issue of the magazine and we particularly enjoy the news of the letters and articles, and we thought your magazine might be interested in one of the uses of our bicycles. Once a month we have a ride now, we've been using our tandem to provide rides for visually impaired and blind children.

The rides are coordinated by a professional teacher, Diana Hopmann, of the Disabled Services Unit of the Parks and Recreation Department of the City of San Diego. We normally have a group of 20-30 people who meet for a ride every 3-4 weeks. It's a great opportunity for the visually impaired and blind to see the ocean from San Diego.

Lansing, and probably a few other places.), it is long overdue. How long do we have to wait for everything to fall into place? What do we have to lose?

No matter what comes of this idea of a National Tandem Rally, the '89 LAW National Rally in Salisbury, MD, will be great! It will have many tandem events. Noteworthy will be daily tandem rides of short, medium, and long mileages. All rides will rendezvous at scenic picnic sites each day. We will also have a tandem hospitality room, tandem workshops, and pre- or post-rally tandem tours, if the interest is there. A committee is already at work scouting out interesting Civil War sites.

Please join us. We think you will have a wonderful time and we are looking forward to meeting a cross-section of tandemists from all over the country. Hope to see you next summer!

Dear Doubletalk,

My wife and I read every issue of Doubletalk with relish. We particularly enjoy the variety of the letters and articles, and we thought other tandemists might be interested in one of the uses of our bicycle. Once a month, for about two years now, we've been using our tandem to provide rides for visually impaired and blind individuals.

The rides are coordinated by a dedicated worker, Donna Neapolitan, of the Disabled Services section of the Parks and Recreation Department of the City of San Diego. We normally have a group of 20-30 people who meet for some exercise and fun one Saturday a month. It's a good opportunity for the captains and stokers to talk as we cruise around Balboa Park.

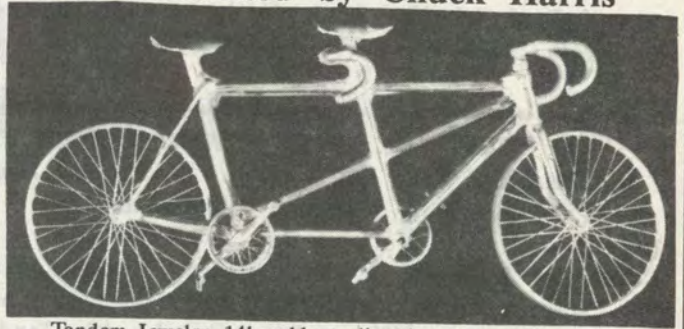

Cheryl (my wife) prompted our involvement in the program. Cheryl is an optometrist who specializes in low vision and visual impairment, and it was through her contacts that we learned of the need for volunteers. We both enjoy tandeming, and feel like this is a good way to share the experience with others. I recommend that if any of Doubletalk's readers are interested in this sort of tandeming, they should contact their local government of blind schools to see if there is reciprocal interest.

Sincerely,  
Mike & Cheryl Patzer

## T C A "Hall of Fame"

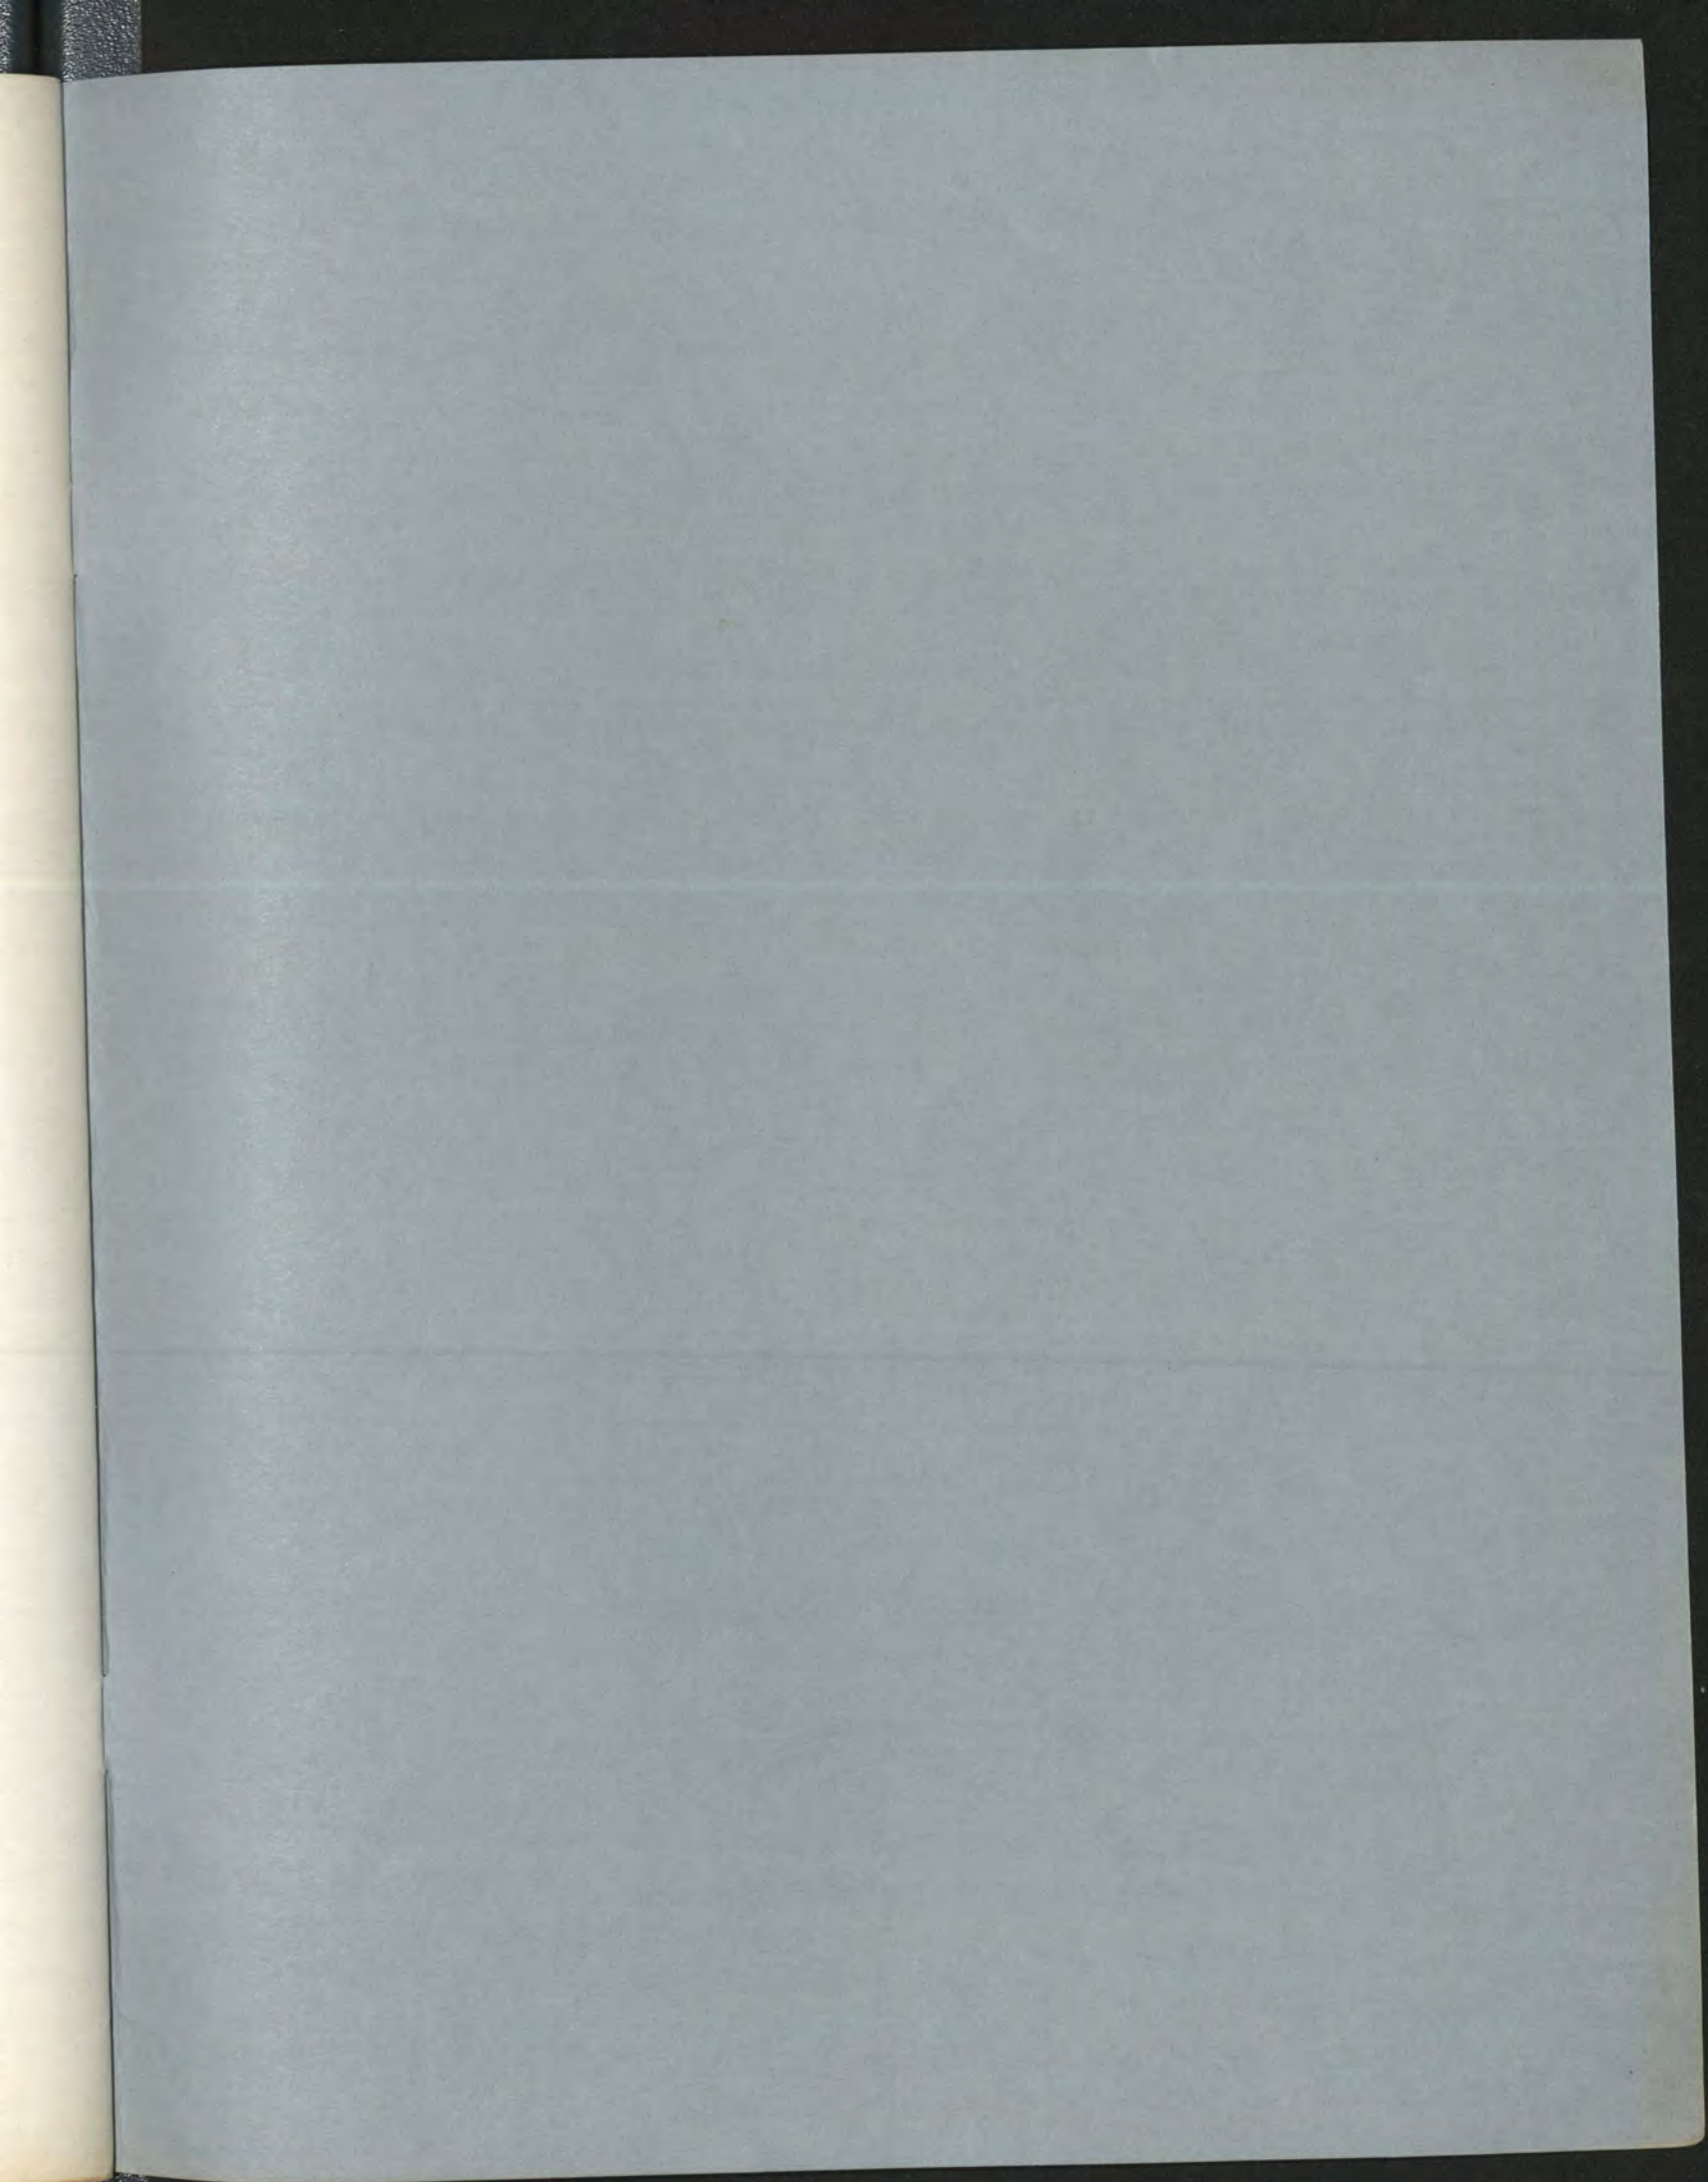

*The year is 1938. Jim and Elizabeth Young, married only six months, are about to set out on the adventure of their lives. By tandem.*

*Their tandem was a new English lightweight, equipped with a three-speed "cyclo" derailleur, hub brakes, generator lights rear rack and a pump. Together they christened their rig "The Spirit of Fun" in the Pacific Ocean on April 22, and soon headed east with a goal of reaching the Atlantic Ocean, a journey that took them thousands of miles. They departed with high hopes and a song in their hearts.*

*The Youngs' arrival in Virginia Beach, July 14th, marked the first transcontinental tandem trip ever made West to East. A total of 3,795 miles. They dipped their wheels in the Atlantic and headed back to San Francisco the next day.*

*All told, Jim and Elizabeth were gone 164 days, riding on 115 of those days a total of 7,100 miles, setting records as the longest tandem trip ever made in America and the longest mixed-couple tandem trip ever made anywhere. ▲*
